IREMEN SET FOR HOT IME AT FLOOD PARK

he annual basket picnic for y City firemen and their fam- s will begin Sunday morning bout sunrise, when a few old ers of the sponsoring Veteran emen's Association stagger out Flood Park to get things ready. ome of the old guard have en it upon themselves to get re early and reserve a site; up the coffee-boiling equip- nt and put the watermelon and erages on ice. They'll also e ready for the giant horse- e-tossing tournament which tures the Veteran Firemen's nic each year.

all games and children's con- s will start as soon as the wd arrives—probably about a. m., and will continue all ernoon. They'll cease, no doubt, long enough for participants stuff down the lunches they e brought and the "extras" vided by the association.

inal plans for the affair were g made this week by a com- tee composed of Fred Mather, n Valentino, Gus Ford, Ed dkuhl, Al Sundstrom and oth-

weeney, VFW Hd., ans Bay Meadows nce and Picnic

ll veterans of foreign wars e urged today to attend the eting of Old Glory Post, VFW, Little Italy Hall, opposite the y City Theatre, at 8 p.m. on day, August 13.

ill Sweeney, commander of the l post, said arrangements will made concerning the VFW ce at Bay Meadows clubhouse October 2. Ray Hackett and orchestra have been signed up the dance, which will be joint- sponsored by VFW posts oughout the county. Proceeds l go to a hospital fund for vet- ns.

rrangements for Old Glory t's picnic at Flood Park on nday, August 29, will also be cussed Sweeney said.

he Veterans of Foreign Wars conducting an extensive mem- ship campaign and all qualified erans are urged to attend regu- meetings of Old Glory Post, ich are held on the second and rth Fridays of each month at tle Italy Hall.

nforan Navy Base o Expensive For ecreation Center

cquisition of the Tanforan vy Base as a recreation center north San Mateo County cities nained in the theoretical stage ay. The detaining factor was l the question "Where will the ney come from?"

he board of supervisors was itant to go ahead with the pro- t because of the expense in- ved. And the same reason was forth by the cities. Neither individual city budgets nor huge $183,000 county recrea- n budget had been compiled to lude maintenance costs which uld be involved.

he Tanforan facilities had en offered for recreational use a revokable permit w h i c h uld have required the county meet maintenance costs at the e. Supervisor Henry Edmonds Redwood City had estimated intenance expenses as high as 0,000 yearly.

acilities available at Tanforan lude a theatre, swimming ols, bowling alleys and two mnasiums. North county oups had advocated use of the e as a recreation center for northern end of the county.

ew Director For Teen-age Club

Jim Henderson, a student at n Francisco State College, took er his duties last Friday night new director of the recreation partment's Teen-age Club.

Henderson r e p l a c e s Ralph pps, who resigned last week be- use of the press of studies and ployment.

According to Henderson, week- Friday night dances at No. 5 ehouse on Bellevue avenue will held for members throughout rest of the summer. Reorgan- tion and re-vamping of the or- nization is expected after the ginning of the fall school term.

AWOL Soldiers Caught Here By Police

Two soldiers, AWOL from a Wyoming quartermaster camp, were turned over to military police at the Presidio in San Francisco last Friday by Daly City police, who arrested them at their respective Daly City homes.

Joseph P. McKay, of 166 Peoria street, and Alvin W. O'Brien, 1126 Brunswick street, were picked up by local police officials Friday on a wired request from the commanding officer at Ft. Warren, Wyoming.

Firemen Get Thanks For Fighting Fontana Blaze in South San Francisco

Expressing thanks for the help of Daly City firemen in dispatching men and equipment to help fight the huge Fontana factory fire in South San Francisco last month, the following letter was received at Monday's meeting of the city council:

Honorable City Council
City of Daly City
Daly City, California
Gentlemen:

Please accept the thanks of the City of South San Francisco for your prompt and efficient response to our call for assistance in the recent Fontana factory fire.

It is gratifying to know that such mutual understanding exists between our neighboring cities.

City of South San Francisco
Daniel Hyland, City Clerk

Girl Scout Camp To Open Tuesday In Colma Hills

Seventy young Brownies and Girl Scouts from Daly City, Colma, and Brisbane will get their fill of outdoor life next week when Camp Mattrup, the Girl Scout day camp in the Colma hills, opens for a two-week session.

Plans for the day camp were completed Tuesday when the camp staff met with Mrs. Muriel Pabst, director, at the Woodrow street home of Mrs. Thelma Hamilton. The camp will feature outdoor activities—from cooking to hiking—for girls from the rank of Brownie to Senior Scout.

Staff members present at the Tuesday meeting were Mesdames Angie Thur, Hilda Heagney, Irene Cripps, Cecile Saarinen, Gertrude tHiett, Edna Mullen and Marie Miller.

Betty Van's Cleaners Opens Doors Today

Featuring personalized cleaning service with each garment given individual care, Betty Van's at 6775 Mission street, opposite the Westlake Motel, was open for business today.

The two Van Staverens, Betty and Charlotte, will be behind the counter to give personal service. Pick-up and delivery service, with every garment completely insured, is also offered.

Betty is the wife of Edwin Van Steveren, popular secretary of San Mateo county Local 624, ITU.

Reception Honors Druid Officials

Grace Hill, grand trustee of the California chapter, United Ancient Order of Druids, was received by the Hillcrest Circle Monday night at an official reception in the Masonic Hall.

Other guests of honor were Martha Wegner, Lorraine Felch and Winifred Evans, delegates just returned from the state convention at Santa Barbara.

The party was hostessed by Mrs. Madeline Fellows, past grand arch druidess, with Mrs. Mary Conti seeing to the decorations and Mrs. Jenny Milo, the refreshments. Mrs. R. Bricker presided at the piano throughout the refreshment hour.

Among the distinguished guests at the reception were Alice O'Brien, grand arch druidess; Mary Neal, Sarah Brundage, Hannah McDonald and Lulla Shaw, past grand arch druidesses; Louise Norza, grand trustee; Della Tisacco, grand first bard; Grace Hagman, grand auditor; Charles Hagman, grand recorder of the men's order, and Mrs. Victorine Lombard, founder and organizer of the local chapter.

"Happy Birhtday" was sung to Madeline Fellows, Grace Hill and Minnie Bernardi.

Deer Hunters May Get Mountain Lion Bounty

Deer hunters at Carmel Valley in Monterey county may have a chance to make an easy one hundred dollars.

That amount is a bounty which will be paid for the killing of a male mountain lion seen in the valley last week. The State pays a bounty of $50 for each male lion killed, with a similar award being put up by the local cattlemen's association.

Geo. Ford And W. Webb Get Fire Dept. Posts

Recommendations by the Board of Fire Commissioners for the appointment of George Ford, 51 Parkview Ave., as Fire Captain of company number 2, and of William Webb, of 368 San Diego Ave., as lieutenant at the same station, were approved by the city council Monday.

The appointees will hold their respective offices for the period of one year.

The four fire companies each have a captain and lieutenant. In addition, the department has two battalion chiefs, A. Benassini and Lawrence Kennedy, with A. J. Bodien acting as assistant to Chief Elmer Kennedy.

Cities Disagree; City Sales Tax Plan Unlikely

Institution of city sales taxes in all the cities of San Mateo county appeared remote after the city of San Mateo went on record against such a tax. Other cities were divided on the issue, but it appeared that the tax would not be successful unless adopted by all the cities concurrently.

That was the outcome of a meeting of city officials in Menlo Park last Thursday. Richard Carpenter, legal counsel of the California League of Municipalities, addressed the group on the subject of sales taxes and asserted that cities representing more than 70 per cent of urban population in the state were using city sales taxes ranging from one half to one and one half per cent.

Carpenter stated that opposition to the tax, from merchants and manufacturers, soon disappears after the tax is put in operation and pointed out that no city has suffered any decrease in retail sales as a result of the tax.

Representatives from San Jose indicated that labor and business organizations had at first been strongly against a city sales tax, but that after 18 months of operation they were now strongly in favor of it. San Jose realizes about $5 per capita from the sales tax each year, totalling nearly $500,000.

Burlingame members expressed interest in the tax to finance municipal improvements but declared flatly that it would be impossible to impose a sales tax unless the city of San Mateo did likewise.

Some cities were apparently in favor of a city sales tax to be used for specific purposes, recreation, parks, etc., but it was agreed nothing could be accomplished unless all cities would cooperate.

It was planned to form an informal mayor's group to include all cities from Daly City to Gilroy, which would meet every two months for further discussions.

NEW GROUP TO SPONSOR D. C. BASEBALL CLUB

A new group, known as the Junipero Serra Merchants, will take over sponsorship of the Daly City Baseball Club, it was announced yesterday by August Conci, of the Lake Merced Nursery.

The group, composed of business men in the vicinity of School St. and Junipero Serra Blvd. have guaranteed to contribute funds for the operation of the team for the balance of the season.

Business firms included in the Junipero Serra Merchants are Lake Merced Nursery, Callan Realty, Secco Gas station, Marchi gas station, Vista Grande Hdwe., Pacific Coast Aggregates, Stoneson Bros., Henry Doelger, Inc. and Joseph Sarto.

Team uniforms will be modified and the name "Junipero Serra Merchants" will be printed on the suits.

The team plays its first game under its new sponsors Sunday at 2:30 at Marchbank Park, tangling with the strong Junior Seals nine. George Bournellis is slated for the mound duties for the locals.

Sept. 23 Deadline For Registration For November Vote

In an effort to assist California's various county clerks and registrars of voters, Secretary of State Frank M. Jordan today urged early registration by prospective voters for the November 2 general election.

Deadline for registration is September 23.

Jordan said that under the permanent registration law, those voting in the last general or primary elections need not re-register unless they have changed their place of residence.

Those eligible to register are persons who have reached the age of 21 years, have resided in California one year, in the county 90 days and in the precinct 40 days. They must also be able to read and write and be sound of mind.

The Village Smithy None Other Than Judge Bill Sweeney

A look at page 4 of this week's Record will bring back memories to old-time residents of Daly City.

Back in 1909 a strong young man owned a blacksmith shop on Mission Road near what was then called Lake street. The W. J. Sweeney and Sons advertisement features a picture of the old blacksmith shop.

The rugged individual on the extreme right in the picture is none other than William J. Sweeney, who has been, over the years, blacksmith, Studebaker dealer and city judge. In between, he found time to put several years on the Board of Trustees of the Jefferson School District. The young lad next to William J. is Arthur J. Bodien, city superintendent of public works, who at that time was known as a man about town. Others in the picture are unidentified.

Bill Sweeney's first advertising read "Blacksmithing. Horses called for and delivered."

When the hay-burners became passe, the village smithy went into the automobile business, and for a couple of decades the corner at Westlake and Mission was known as "Bill's Garage," one of the foremost Studebaker dealers in the area.

In the modern era, William J. Sweeney and Sons, Studebaker sales and service, occupies the expanded corner. Sons Ray and Bill jr., both graduates of Jefferson High School, are associated in the business. Young Bill is also commander of Old Glory Post, Veterans of Foreign Wars.

V.F.W. Post, Auxiliary Plan Annual Feast At La Honda August 29

Memorial Park at LaHonda will be the scene of the annual Veterans of Foreign Wars picnic August 29.

Sponsored by the local Old Glory Post and Auxiliary for members and their families, the outing will feature games and entertainment, as well as bountiful feasting.

Co-chairmen of the affair are Mrs. Clara Poket and Tom Callan jr.

Joyce 'Axes' Question; Gets Chinese Answer

The case of the missing axe has turned into something of an international incident, according to Tom Joyce, harrassed captain of Daly City's Fire Company No. 1.

Last Friday when the Veteran Firemen's Association met to make plans for its annual basket picnic and horseshoe-throwing tournament, Joyce had to report his discovery that the treasured trophy was missing from his Santa Barbara avenue firehouse.

The engraved axe had been won by Company 1 last year at the Veteran Firemen's picnic tournament, and was supposed to be produced this Sunday for presentation to the next winner. But it was gone! Just disappeared into thin air.

What irritated Joyce's good nature was a telephone call allegedly giving directions for recovery of the company's prized axe. The message was delivered in a decidedly Neopolitan dialect by a man who called himself "O'Brien." Arriving at the designated address, Joyce was confronted by a bewildered Chinese laundryman who spoke only in his native tongue.

By now, poor Joyce is pondering last resorts. D'ya suppose the F.B.I. could find the thing before Sunday?

Ladies' Day Next Wednesday At Lions Club

Attendance at the Daly City-Colma Lions Club luncheon is expected to be doubled next Wednesday when the lodge celebrates Ladies' Day.

Speaker at the luncheon will be Harold Henricks of the sales division of Nash-Kelvinator. According to Ed Byrne, program chairman, Henricks will show a film entitled "Surprise for Janie."

At yesterday's luncheon meeting in Estrada's Kitchen, pictures of the 1936 Olympic games were shown. Harold Bradshaw and Stanford Hannah collaborated on the program.

COUNTY-WIDE BOYCOTT ATTEMPT AGAINST MEAT PRICES SEEMS TO FAIL

A telephone campaign to spread the meat boycott was evidenced throughout San Mateo county this week, but, so far, little effect was reported by the retail butcher shops.

A committee of 14 San Carlos housewives, carrying on an intensive drive intended to force meat prices down, called every person listed in the San Carlos telephone directory asking cooperation in the boycott. Similar drives were noted all over the county.

In Daly City, butchers reported "talk of a boycott," but for the most part, sales remained at the usual level. Out of four Mission street butcher shops, only one—Farmers Meat Market — disclosed a lowered trade. Contrarily, the Safeway management reported a larger meat business Monday than any single day in the past several weeks. Others were "normal."

Local butchers appeared to agree that there would be no sizeable organized boycott here. Majority of their customers, they said, are "working men" who require meat in their diets. As to the effectiveness of a boycott on retail meat counters, opinion was split. Butchers at Milo's Market thought the strike would, eventually, force prices down. Farmers Market men pointed out that at present, cattle are still on the range. Not until the fall slaughter season, they said, would a boycott be effective.

Butchers at the Vista Grande market and at Safeway said the boycott would do no good.

County Tax Levy Is Higher Than Average

The total tax levy in San Mateo county for the year 1947-48 was $10,492,450, based on an assessed valuation of $173,818,809, according to a report by the California Taxpayers' Association.

Average levy per $1,000 of property valuation was $60.36, compared to a $53.53 levy on a statewide average. The 1946-47 county levy was $50.53.

Veteran Dies At Ft. Miley Hospital

Arthur James Coombs, 29-year-old veteran of World War II, was interred in Golden Gate National Cemetery Monday after services from the W. C. Lasswell Mortuary.

Coombs died last Thursday at Ft. Miley Hospital. A native of Rochester, New York, he had lived in Daly City for 19 years, making his home at 444 Templeton avenue.

He is survived by his mother, Mrs. Chrtina Coombs; his brother, Robert D. Coombs, and two nephews, David and Dean. He was the son of the late Clarence R. Coombs.

Community Chest Aides Appointed For Drive

The first major working committee to be appointed to aid in this year's San Mateo County Community Chest fund raising drive, was announced today by William F. Leutenegger, general chairman.

This initial group of workers to be known as the Coordinating Committee, is made up from the staff personnel of the Chest and the executives and assistants of the participating C h e s t Red Feather Services.

Those appointed to this year's Coordinating Committee are: advance gifts, Edward E. Barrer, Boy Scouts; rural, Earl Schmidt, Boy Scouts; business and employee group, Chet Wilson, David C. Burton, Boy Scouts, and V. M. Robertson, Leroy Hixon and Kenneth T. Osman, YMCA; residential three cities, Carolyn C. Duke, Girl Scouts, and Gertrude Sullivan, Catholic Social Service; residential northern area, Mrs. Helen Gould, Girl Scouts; residential southern area, Martha J. Keefe, Girl Scouts; student and educational, Rev. Harold O'Day, Catholic Social Service, and Mildred Erikson, Council of Social Agencies.

American Legion To Install Officers

The public is invited to Post 410 of the American Legion's installation ceremonies, it was announced today by James Halloran, post commander.

The installation will take place a week from Thursday, 8 p. m., at American Legion Hall, 474 San Diego Ave. New officers will be: Post Commander, Ralph Capps; 1st Vice Commander, Peter Bordson; 2nd Vice Commander, Eugene Lowry; Sergeant-at-Arms, Martin Pahlka; Finance Officer, Felix Foreman; Chaplain, Ed Trier, and Adjutant, Clayton Coleman.

District Commander Charles Berryessa, together with other district leaders, will be present at the installation ceremonies, as will members of the Ladies' Auxiliary.

Council To Set Tax Rate at Adjourned Meet

CONFUSION IN COUNTY AS CHARTER CHANGES ARE RECOMMENDED

With sentiment throughout the county divided on proposed changes to the San Mateo county charter, September 7 appeared to be the deadline for a decision on what propositions, if any, would appear on the November ballot.

September 7 is the last regularly scheduled meeting of the county Board of Supervisors at which charter amendment propositions could be acted upon and still fulfill pre-election legal requirements of advertising 65 days before election. The general election is set for November 2.

Some county sources were of the belief that the supervisors might put only one question before the voters — "Shall the county executive be appointed by the supervisors, or continue to be elected by the voters?"

Previously, two charter committees, one appointed by County Executive Frederick Peterson and the other by the Board of Supervisors, had brought conflicting recommendations before the board.

Peterson's committee had recommended that supervisors be elected by the districts in which they reside; raised salaries of certain officials and gave the executive additional powers.

The committee appointed by the supervisors had recommended that the executive, sheriff, controller and county engineer be made appointive offices.

Three supervisors, Martin Poss, San Mateo, Edward McDonald, Burlingame, and H. W. Edmonds, Redwood City, were on record this week, advocating that the single issue of whether or not the county executive should be appointed appear on the November ballot.

A coastside publisher had advocated that the people vote on a single issue also — recommending that the charter be voted out of existence and that county administration be carried out under the general laws of the state of California.

Old-Timer Dies Here Suddenly

Funeral services were held Tuesday for John Edward Kester, longtime resident of Daly City, who died suddenly at the Villa Sanitarium last Saturday at the age of 71.

A native of Ebenezer, New York, Kester had made his home here for some 40 years, at 433 Westlake avenue. He was a retired carpenter.

Survivors include two sisters, Nellie and Clara, and a brother, Jacob Kester jr.; a niece, Mrs. Ray Molling of Seattle, and a nephew, Arthur V. Letterman, of South San Francisco. He was the brother of the late Lucy R. Nelson.

A prominent member of the Veteran Firemen's Association of Daly City, Kester also was affiliated with the Golden West Lodge and the Oriental Encampment, I.O.O.F.; the I.O.O.M.U.; Loyal Mission Lodge 7494, and the Carpenters Union, Local 483, A.F.L.

Services were conducted from the chapel of W. C. Lasswell Mortuary. Interment was in Olivet Memorial Park.

Sanitorium May Be Started Next March

Construction of the new tuberculosis hospital on the Canyon Sanitorium site may be started in March, County Health Director Harold D. Chope revealed this week.

In a report to the county board of health, Monday night, Chope disclosed that architects' plans, now being drawn up by Douglas D. Stone, will probably be ready for contract bids some time in January.

Meanwhile, the department is pondering the problem of placing the 67 patients now occupying the old sanitorium. The Community Hospital annex, Chope suggested, could accomodate 41 of them, while the rest might be placed in additional temporary buildings there or farmed out to private sanitoriums. He also suggested moving them to the navy hospital at Tanforan.

An adjustment is currently being worked out by the board of supervisors to reimburse Mills Hospital for improvements it made while leasing the Community Hospital annex. Possession of the annex was resumed by the county August 2.

EAGLES AUXILIARY WHIST PARTY WEDNESDAY

A whist party will be held at 8:30 p.m. next Wednesday — sponsored by the Ladies Auxiliary of Colma - Vista Grande Aerie of Eagles.

Mrs. H. C. Miller will be chairman of the affair, which is expected to begin promptly in the Eagles Hall.

$1,900 Repayment By Contractor In Vets Ceiling Suit

Examiner E. E. Zeiss of the contractors' license board last week handed down a decision forcing Wm. H. Penaat, San Carlos contractor, to pay back $1900 to three property owners in Skyline Manor who had complained he charged them above ceiling prices for homes.

Penaat was found guilty of failing to prosecute construction of homes with reasonable diligence, allowing an unlicensed person to use his contractor's license, and using prices in excess of ceilings fixed by the veterans' administration.

In a brief meeting which was adjourned until next Monday, August 16, for the purpose of setting the city tax rate, the city council met last Monday at the city hall.

Routine matters occupied the meeting, one of the shortest in recent months.

The Pacific Telephone and Telegraph Co. was granted permission to install underground conduit on Mission St. between Vista Grande and Theta avenues and on Mission between Wellington Ave. and Hillside Blvd., as part of an expansion program to bring additional telephone service to the city.

The council passed resolutions establishing arterial stop signs at Miriam St. and Parkview Ave. and at North Parkview and Junipero Serra Blvd. Arterial stops were also authorized at Hillcrest drive and San Diego Ave.

Aquatic Week Begins Monday At High School

Swimmers and non-swimmers alike will join in the fun next week —Aquatic Week in the Daly City Recreation Department's summer program.

Beginning with the regularly scheduled motion picture program on Monday, the rest of the week will be devoted to water programs; preliminary contests and practices. The big event will come Friday, when an all-city water meet will be held at the high school swimming pool.

Non-swimmers will have their chance to compete at 9:30 a.m., when water walking races, candle races, ping-pong, breath-holding and penny-picking contests will be held. Swimming competitions will begin at 10 a.m. for four age groups —two in the girls' division and two in the boys'.

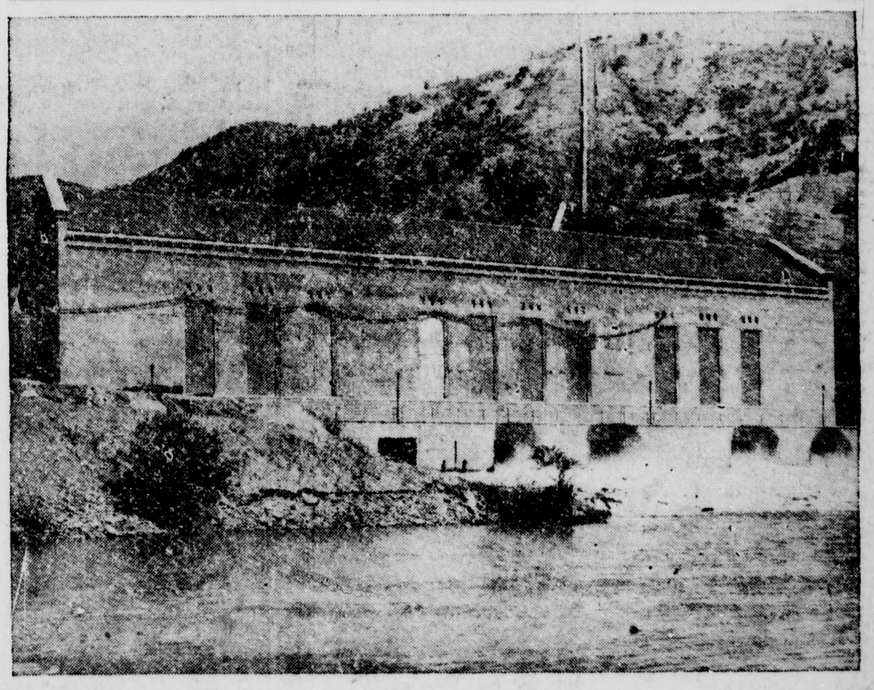
Free style, back stroke and breast stroke races, medley races and relays, free-style relays and diving will feature the meet.

Another highlight of Aquatic Week will be a boating and fishing excursion to Lake Merced Wednesday. Elman Rose, recreation director, has assured parents that careful supervision will be maintained throughout the outing. Directors will accompany the children during all boat rides, and only a limited number of riders will be allowed in one boat.

Deviating from the aquatic theme, the directors have planned a trip to Seals Stadium for a free baseball game Saturday, where the children will witness the San Francisco Seals - Hollywood Stars contest. Further details on the baseball outing will be published next week.

Abbott and Costello will share the bill with Martha Raye in Monday's movie program, in a zany, side-splitting comedy which takes your favorite funsters into an air corps flying school. "Keep 'Em Flying," the nine-reel feature-length comedy, promises breath-taking adventure. Also on the movie program will be the next episode of the "Adventures of the Flying Cadets," and a color cartoon, the "Jungle Jitters."

THE MOTHER LODE SERVES AGAIN



In the heart of the Mother Lode, California's most famous gold field, P. G. and E. has again harnessed the waters of the Mokelumne River to pour 133,000 horsepower of electricity into the network of power lines serving Northern and Central California. The new Electra plant, above, is now in service. It replaces a veteran plant of the same name on an adjacent site which has been in continuous service since 1902. The old Electra served San Francisco its first hydroelectric power.

THE SPY INVESTIGATION

Much of the steam has been taken out of the spy testimony given before congressional committees because virtually all of it was presented to a Federal Grand Jury long ago.

What tends to further diminish the impact of the testimony is that the Grand Jury did not indict the Federal workers named by Elizabeth T. Bentley in revealing her activities during the war.

It is apparent, nevertheless, that too many who are much too pro-Russian have held important government jobs. This will make many Americans wonder if there still aren't a considerable number of this breed on the Washington payroll.

To what extent the loyalty check has succeeded in weeding out the undesirables is pretty hard to tell. But the check, especially of those in responsible posts, should be pushed without abuse or hysteria until there can be no doubt as to the loyalty of those who work for Uncle Sam.

Certainly it is not too much to require that workers put the welfare of their own country ahead of that of a foreign power.

OUT OF LUCK

The rash of radio programs bent on outdoing one another in giving away money, marbles and mink coats may be greatly reduced or completely abolished.

The Federal Communications Commission says that any give-away broadcasts in which the winners are chosen by lot or chance are illegal. The Commission also says that almost all other types of prize programs now in vogue are agin' the law.

But what are people going to do for money?

PROGRESS IN GREECE

At long last it appears that all the money and moral support we have been giving the Athens government is beginning to pay off. After several false starts, the campaign against the Greek guerrillas is really rolling. The Greek territory held by them has been reduced to a fraction of what it was six months or a year ago. While it may be false optimism to expect a complete collapse of the rebel resistance, reports from Athens hint that this is not too improbable. It is rumored that the guerrilla leader, General Markos Vafiades, may withdraw into Albania. Weakening of the rebel forces may have been due not only to the heavy pressure from the Greek regulars but also to inadequate support from Yugoslavia. One of the points of friction between Belgrade and Moscow is reported to be over Tito's failure to back the rebels as strongly as he was expected to do. If, and when, the guerrillas are cleaned out, a clean up of the present Greek government would be very much in order.

POPULATION PROBLEMS

Growth in California's unincorporated areas is reported to be three times as great as that of the incorporated communities. This may result in the expansion of city limits in some places to take in the surrounding areas. Before this can be done, however, both the city and the area to be annexed must agree to the change. Most cities favor annexation in order to gain new sources of revenue to offset the greatly increased strain (and cost) on facilities such as roads which must serve the entire territory around the city. It remains to be seen how many of the unincorporated areas will be willing to merge with their neighbors. Citizens in many of these areas object to it because they'd lose much of the direct control over their civic affairs which they now enjoy. But in some instances the merger plans may prove sufficiently attractive to both sides to win the necessary support.

LOST MILLION

Are you a fugitive from a fortune? Are you one of the million or more "lost" individuals in the United States for whom corporations are holding vast sums in unclaimed dividends and unredeemed stocks and bonds? The average person who owns securities of any kind doesn't forget about them. But there are plenty of un-average people around. According to an article in Forbes Magazine there are hundreds of millions of dollars being held by banks and corporations for persons who for one reason or another have disappeared without claiming what was due them. One large company is trying to locate 35,000 people — just to give them money. Another company has $3 million it wants to give away — to the right people. Instances where $10,000 or more is owed to one person are said to be common. It just isn't right for all those fine American dollars to be left without a home. Will some one please offer to take them in?

MEAT STRIKE

"Never underestimate the power of a woman." Well, if that power is really what it's cracked up to be it ought to be effective in the crack down on meat prices. The attack launched by the "petticoat brigade" in Texas is being taken up in other sections of the country. The sale of fresh meat is reported to be dropping off as much as 20 and 25 per cent in some of the larger cities. In a good many instances, however, the non-buying of meat may not be so much a positive resistance to the high prices on the part of the housewife as a sheer inability to pay. But whether the current slump in buying arises from choice or necessity the end result will be the same, namely, to bring meat prices down to a level where the average family can buy some — occasionally.

Goings On At The Playgrounds

MARCHBANK PARK
By Glen Smith

On Monday, the Marchbank crowd attended the movies at Jeff. Abbott and Costello stole the show. On Tuesday we had a ping-pong tournament. Carl Gruenwald beat Glen Smith, David "night-night" Cafarata beat Carl, and then Ray Chaput beat David. Glen "the ham" Smith then beat Chaput to regain his crown.

Friday, the gang enjoyed games at the high school. After the games everybody went to Marchbank for a wiener roast and watermelon feed. The Lincoln Playground softball team lost to the directors and the other playgrounds by a score of 9-2. This was Lincoln's first defeat.

CRAFT CENTERS
By James Kraywinkel and Elizabeth Kabeary

Both craft centers have had increased attendances this week. We are very happy about this and wish to welcome any and all new comers.

The Peoria craft center boys and girls have suddenly become very much interested in woodburning. Billy Bricker, Johnny Nagel and Ronald Laureana have already finished some very nice designs. Many of the other youngsters traced designs last Thursday, and were ready to start burning Monday morning.

Donald Ricci, Lea Winn and Carol Ingersoll are becoming quite efficient at making pyra craft bracelets.

At the Parkview craft center, the youngsters are interested in varied activities. The morning class does a lot of coloring but prefers painting statues. The early afternoon class also prefers to paint statues, but has some very nice spatter paintings which the children are making into photograph albums.

The albums should be finished by this week. The late afternoon class is smaller, and the average age is higher. Consequently, we have several things started at the same time. Right now the boys are interested in leather craft, while the girls are covering jars with crepe paper.

LINCOLN PLAYGROUND
By Jack Root

As the finale to a very successful Play Day last Friday, the Lincoln softball team, lacking a good pitcher and good fielding support, went down to defeat at the bats of an all-star team comprised of all the other playgrounds in Daly City.

Glenn Smith, Marchbank's mammoth director, pitched the all-stars to a 9-2 victory, allowing only eight base hits. The wetness of the playing field made the footing very slippery, and many flops were enjoyed by both ball teams. The batting stars for Lincoln were Owen Charles, Gene Lorenzo and Ray Schmitke. Owen smacked out a triple and a double in four times up; Gene and Ray both registered two hits in four times at bat. Lincoln's softball team is waiting for that Marchbank softball team to come up to General Pershing and play. We hope we haven't frightened you by our playing lately, Marchbank.

Six girls and ten boys made an excursion with director of some points of interest in Golden Gate Park last week. We visited the children's quarters, the aquarium, the African Hall, the Academy of Science, and the DeYoung Museum. All who made the trip enjoyed themselves. Lincoln's next outing will be to the Fleishhacker playgrounds.

Lincoln's playground director is putting on some tournaments and contests this week to select Lincoln's best players to represent the playground tomorrow in the tournament championships at Jefferson High School. The results will be given next week.

CROCKER PLAYGROUND
By Eina Eichner

On Play Day, Crockerites abandoned their home grounds to invade Big Jeff and Marchbank Park. Those who stuffed themselves at the big wiener roast were Grant Ross, Jerry Smith, Phil Petrovski, Ira, Carol and Virginia Ingersoll, Emil and Brenda Keyser, Billy Farragher, Pat and Philip Phillips, Earl and Snookie Abbot and Dickie Brown.

The previous Wednesday, Golden Gate Park was explored anew by the Crocker contingent. In addition to giving the museum and playground the once-over lightly, Crockerites set sail in the duck infested waters of Stow Lake. Favorite craft were the waterbug and the flat-bottomed row boat. Waterbug enthusiasts were Billy Bricker, Gary Carlson, Billy Farragher, Emil Keyser and Grant Ross. Gail and Carol Quint, Pat and Philip Phillips, the Ingersolls and Jerry Smith took to the old-fashioned oars.

Dave Martinez walked off with the free throw contest, claiming the first prize milkshake last week.

This week Crocker champions were getting into shape for tomorrow's tournaments at Big Jeff.

JEFFERSON HIGH
By Joe Ballarin

Parents, we need your help, and we can assist you. Jefferson High School is open daily from 9:30 to 5 p.m. in order that we may assist your child to have a happy, full and eventful day.

Competent directors are on duty to train the boys and girls in certain arts and to help maintain the spirit of sportsmanship in athletic activities, but we need your help. How? Merely by sending your children to Jefferson in the morning. Pack a nice lunch for your boy or girl and then expect him home at about 5 p.m. Leave the rest to us. For example:

Boxing class for boys is held each Tuesday and Thursday at 10:30 a.m., and at the same time folk dancing for the girls and boys. Play-acting is a new activity on Tuesdays and Thursdays at 1:30 p.m., in which we need all those interested, up to 10 years of age.

This Wednesday, a trip to Sigmund Stern Grove was organized for your child. Lunch was served and games and activities were held at the grove, all for a nominal cost. Does your youngster like to fool around with a tennis racquet? Well, Friday afternoon we show him how to play.

These are a few of the activities we plan. Others include lessons in badminton, softball, ping-pong and naturally, a couple of hours are reserved each day for free play when he can just "play around." Your boy or girl is never regimented into any activity he or she does not desire, but we know he is bound to be interested in more than one of them.

By the way, tomorrow, August 13, is tournament day. Pack a lunch and kiss the rascal goodbye for the day.

Now I am sure you will agree we can do quite a bit for that young girl or boy. Will you do us a favor then, and send them to Jefferson High School?

Job Openings Noted By U.S. Engineers In South America

The United States Army Engineer Corps is looking for 50 civilians to fill important jobs in Central and South America and the Caribbean Archipelago, William C. Keil, California State Employment Service manager in South San Francisco reported today.

Jobs are open for geologists, civil engineers, map and topographical draftsmen, marine and topographical surveyors and geodetic computers, employment service manager said. Only men who are United States citizens, have a college degree or equivalent, at least one year of practical professional experience, and good health are acceptable. Pay for the jobs ranges from $3,727 to $6,235 per year, plus 25 per cent bonus for foreign service.

The work will involve almost constant traveling. Transportation between job sites will be furnished by the employer and a per diem allowance of six dollars a day will be allowed except while traveling from the point of hire to the job site and return to the United States. Transportation will be furnished from the point of hire to the job site, and return transportation will be furnished upon completion of a one-year contract.

Men with the necessary qualifications may obtain additional information about the openings from Employment Service Manager at the California Department of Employment, 215 Linden Avenue, South San Francisco.

Home Gardeners Vie In Flower Show

Hundreds of San Francisco home gardeners will vie for $5,000 in premiums in the city's 35th annual flower show to be held in the City Hall Rotunda, August 25 and 26.

California's Golden Centennial will be the theme of the 1948 show of begonias, fuschias, roses and dahlias, according to the San Francisco Flower Show, Inc. The dahlia is the official flower of the city by the Golden Gate.

Off The Record

By Paul Green

The other night over a bridge table a lady wondered when those several hundred thousand displaced Europeans would begin arriving in the United States to take up employment in agriculture and other fields where Uncle Sam has a shortage of workers.

"I wonder," she wondered, "if those immigrants will be allowed to take out their **civilization** papers when they've been in the country a while?"

We pointed out that they might be allowed to apply for **citizenship** papers, but that, unfortunately, it was beyond the power of government to grant papers in civilization. Too bad, too, because if everyone could pass a test proving he was truly civilized it would undoubtedly mean the end of all wars.

We were reminded of the time when the Duke of Windsor, then the Prince of Wales, arrived in this country on a sight-seeing trip and was greeted by crowds wherever he went.

After several days of traveling and crowds, someone asked him, "Well, Prince, what do you think of civilization?"

"I think it's a good idea," retorted Eddie. "Someone should start it."

MEAT SUBSTITUTE

With the price of meat the way it is, causing boycotts and putting the lowly hamburger in the same class as caviar, a friend of ours recently got out of the army and expressed disbelief when told how high the cost of living had risen. He went out to see for himself.

He walked into a butcher shop and asked, "How many pounds of hot dogs can I get for four bits?"

The butcher looked at him and sneered, "My friend, for fifty cents, hot dogs I am selling, not by the pound, but by the inch."

That did it. Last we heard of him he and his family weren't eating meat at all. Having learned to simulate in the army, he bought a whole case of Pablum and several cans of beet juice.

With the best juice he dyed the Pablum red and told his kids it was meat. To make it more realistic he crumpled up graham crackers in the mixture and called them bones.

The kids still don't know the difference.

Time To Plant Fall And Winter Gardens

If you want to grow your own vegetables this fall and winter, now is the time to plant. This reminder comes from Philip A. Minges in the University of California College of Agriculture Extension Service. He suggests location of the garden where it will recieve at least six hours of sunshine during the day, and as far away as possible from hedges and shrubs to escape bird damage. Naturally, fertile soil and watering facilites are important prerequisites.

Among the vegetables that can be planted during the next few weeks are beets, carrots, leaf or head lettuce, green onions, radishes, turnips, sprouting broccoli, cabbages, and cauliflower. The last three usually are grown from transplants, and the transplanting is best done in the evening.

Where seeds are used, the soil around them must be kept moist until plants appear. After that, frequent light watering should gradually change to heavy infrequent ones. Thinning to proper distances should start when most plants are two inches in height. Fall and winter gardens are not so much affected by diseases and insects but quick destruction of diseased plants and weeding is necessary to keep the garden in proper shape.

Ex-Millbrae Mayor County Community Chest Chairman

James L. Porter, president of the San Mateo County Community Chest, announced today that William F. Leutenegger, former Millbrae mayor and prominent central county business executive, has accepted the post of general chairman for this year's county-wide chest fund raising drive.

Leutenegger, Porter said, was selected for the general chairmanship because he has been one of the county's outstanding Community Chest workers establishing an enviable record during the past five years as campaign director in Millbrae. Under his leadership the Millbrae district consistently went "over the top" by a considerable margin.

Leutenegger, on assuming his new duties, estimated that a volunteer army of 6,000 solicitors will be needed to aid the county Community Chest in reaching its quota this year. He pointed out that the number of volunteers required for the present drive has increased sharply over last year due primarily to the rapid county population growth during the past 12 months.

One of Leutenegger's first acts as general chairman was to issue a plea to all civic minded citizens interested in assisting in this year's drive, to contact the Chest office at 301 Lorton avenue, Burlingame. (DIamond 4-2518.) There are jobs open, he said in every section of the county for volunteers who can contribute a few hours of their time to make the campaign this year an overwhelming success.

Leutenegger plans to meet this week with the Chest campaign committee and public relations committee to name a campaign director and publicity director for the forthcoming drive.

Vearl H. Volgamore, Chest executive secretary, said that a listing of all business firms is now being prepared to aid city and community chairmen and their workers in making solicitations. Agencies supported by the Chest include: San Mateo - Burlingame - Hillsborough Girl Scout Council, Sequoia Council Girl Scouts, Girl Scout Councils of Daly City, Colma, Bayshore, Millbrae, San Bruno, Lomita Park, Boy Scouts of America, YMCA Peninsula and Sequoia Branch, Catholic Social Service, San Mateo County Preventorium, San Mateo Blood Bank, Council of Social Agencies, American Social Hygiene Association and Children's Home Association of California.

Portola Trek October 16

ALONG EL CAMINO REAL, July 28 — With the blessings of Father Mimnagh of Mission San Diego de Alcala ringing in their ears, this party of intrepid horsemen began their 108-day, 790-mile journey to San Francisco on Wednesday morning, July 14, just 179 years to a day from the time when the original Portola party began their historic journey over what is now El Camino Real.

Travelers over El Camino Real during the next three months will see this colorful party and realize the historical significance of this re-enactment. As a part of the three-year California Centennials Celebrations, this Trek will clearly portray the Spanish influence on California; how it was claimed by Spain, the establishment of the Missions, and the subsquent settlement and growth of this great State, as well as the effect upon present-day California's way of life.

The party is traveling the entire distance on horseback. They are carrying their own supplies and eating and sleeping out under the clear California skies. They are garbed in the colorful costumes which were the uniforms of the original party of soldiers of the Portola expedition; officers being in pink and brown silk brocade uniforms; the Catalonian soldiers in blue uniforms trimmed with gold; priests in the gray friar's robes of those days; and the famous "Soldados de cuero" or "leather-jackets" in the swashbuckling uniform with the forerunner of Sam Brown belts which these men affected, carrying a streamer tipped lance an dhighly decorated shield.

The flag of Carlos III, King of Spain, flies bravely from the saddle staff of a scout riding beside Sgt. Ortega who is astride a handsome, fiery buckskin heading the umn, followed by the brilli costumed Portola and his sol Certainly no more colorful cade has traversed El Camino since 1769 and present-day cit will be as amazed, as were native Indians of that time.

Agricultural Worker Needed For Cotton Crop In Valley

A state-wide survey of ag tural workers to determine many will be available to ha the million-bale cotton crop San Joaquin Valley began it was announced by Willia Keil, employment service m ger in the South San Fra office of the California De ment of Employment.

"Approximately 90,000 pi will be needed to harves largest cotton crop in Califo history," Keil said "That increase of about 15,000 ove year, and comes at a time the demand for farm labor its peak.

"The California State Em ment Service is making eve fort to ascertain now the able farm labor supply ava on October 1 so that it w prepared to conduct an exte recruiting campaign if the l arises. Farm workers who e to work in cotton can help contacting my office, eithe person, by telephone, or by m

Major objective of the s will be to register workers indicate a desire to help ha the cotton crop. Contacts wi be confined only to those pe registering for work, but wi clude farm workers now emp and other persons who be available after October 1.

SPORTSMEN'S CALENDAR

e Division of Fish and Game nds local sportsmen of the fol- g regulations which apply to nt hunting and fishing:

OUT—Season closes October with exceptions. Limit: 15 , salmon, or Rocky Mountain fish in the aggregate, or 10 ds and one fish in the round. ing hours: one hour before se to one hour after sunset.

ER — In central coastal dis- only, August 7 to September ag limit: two bucks. In south al district only, August 7 to ember 6. Bag limit: one buck. on opens in balance of State on September 16.

BLACK BASS — No closed season. Daily bag and possession limit: 10 fish, but not over 15 pounds and one bass in the aggregate in the round. No minimum size.

SALTWATER SALMON—Ends December 31. Bag limit: three salmon. Size limit: 25 inches. Angling hours: one hour before sunrise to one hour after sunset.

FROGS — Ends November 29. Bag limit: 24 per day, 48 per week. Minimum size limit: four inches from nose to crotch. No license required.

STRIPED BASS — No closed season. Limit: five fish or 25 pounds and one fish, except that, irrespective of weight, at least two fish may be possessed. Size limit: 12 inches.

ABALONES — Ends January 14. Limit: 10 abalones with not more than five red species. Minimum size for red abalones, seven inches; green, six and one- quarter inches; pink, six inches; black, five inches. May not be possessed out of the shell. Fishing license required.

MONO COUNTY FISHING

Fishing is reported good in Grant Lake by National Automobile Club and the back country of Mono County is proving productive. Lundy, Orieda, Crystal and Blue Lakes are improving, although Trumbull and June Lake still slow. Silver Lake is improving. East Lake in Green Creek Area is giving good fishing and Upper Twin at Bridgeport is good. West Walker River in Pickle Meadows provides good catches.

Slight Injuries In County Line Mishap

An automobile accident Tuesday night at the corner of Mission street and Sickles avenue resulted in extensive damage to the car involved, but surprisingly minor injury to the driver.

Eugene Hartman, 23, of 1990 Quint street, San Francisco, was released from Alemany Emergency Hospital at about 12:30 a.m. Wednesday — approximately one hour after he was admitted for treatment. Hartman sustained only contusions of the anterior chest.

His car was in considerably worse condition. Crashing head-on into a pole in the safety zone at the southeast corner of Sickles and Mission, it had skidded across the intersection to the northeast corner.

New Psychiatric Clinic Opened

The Berkely State Mental Hygiene Clinic, an out-patient psychiatric clinic associated with the University of California, has opened its doors in temporary quarters in the University's Cowell Hospital.

Directed by Dr. Portia Bell Hume, University of California psychiatrist, the new clinic will serve the East Bay and adjacent areas. It is a part of the State's Department of Mental Hygiene, and is financed by funds provided under the National Mental Health Act.

"Permanent quarters for the clinic are now being prepared, with a grant of $10,000 from the Regents of the University, at 2241 Piedmont Avenue. These quarters will be ready for occupancy in October.

2116 DOCTORS

There are 2116 doctors in the San Francisco area, or one doctor for every 371 citizens, according to the regional service committee.

Moose Women To Have Delegate At Conclave

Gladys Sisco, recorder for San Francisco Chapter 739, Women of the Moose, will be included in the San Francisco delegation to, this year's national convention at Mooseheart and Chicago, Illinois.

The conclave is scheduled for August 15-19.

Committee reports will be submitted tonight at the chapter's business meeting in the Odd Fellows Building, 26 7th street. The sewing unit will meet at noon August 16 at Alma Ustin's home.

WHERE TO GO, WHAT TO SEE, WHAT TO DO

Now is a perfect time for a week-end trip, according to the Travel and Recreation Department of the California State Chamber of Commerce.

The coming week end, August 13-15, provides some good-old-summertime type attractions around which to plan a trip. Following are events scheduled up and down the state.

Humboldt County Fair, Ferndale, August 10-15

Plumas County Fair, Quincy, August 13-15

25th District Napa County Fair, Napa, August 12-15

San Mateo Gymkhana Club Annual Horse Show, San Mateo, August 12-15

San Mateo County Fair Racing Meet, Bay Meadows, August 10-20

Stanislaus District Fair, Turlock, August 9-14

Jr. C of C Rodeo & Fiesta Ranchera, Santa Paula, August 14-15

Santa Paula 12th Annual Art Exhibit, Santa Paula, August 13-22

Inglewood Centinea Days, Inglewood, August 13-17

Del Mar Racing, $10,000 Added San Diego Handicap, August 14

Pine Valley Horse Show & Gymkhana, Pine Valley, August 15

San Diego Yellowtail Fishing Derby, continues.

WALKERS AND DRIVERS

For safety's sake, National Automobile Club asks that motorists drive as they would have others drive when they are pedestrians; when pedestrians to walk as they would have others walk when they are motorists.

Public Institutions Get Illegal Game

The 1854 hunters and fishermen arrested during the first three months of 1948 for fish and Game Code violations may receive consolation in the fact their illegal bags of fish and game were used to enliven the dining tables of California's charitable and public institutions.

Under state law, most of the fish and game taken from law violators is awarded to public hospitals, orphanages, prisons, homes for the aged, and similar institutions.

The Division of Fish and Game reports the following seizures during January, February, and March:

Abalones, 1354; striped bass, 30; black bass, 4; carp, 7; catfish, 49; crab, 42; crappie, 10; cockles, 10, 045; clams, 4,821.

Bluegill,11; lobsters, 50; salmon, 2; skip jack, pounds, 7680; trout, 26; mackerel and sardines, 512,425.

Coots, 13; deer, 20; doves, 10; ducks, 623; frogs, 14; geese, pheasants, 41; pigeons, 2; rabbits, 20; shore birds, 17; 12.

Brand New Jeep Aids In Fish And Game Patrol

One hour after wardens had taken delivery of a new jeep at the Monterey office of the Division of Fish and Game, the latest refinement in conservation law enforcement had started paying dividends with the arrest of a Fish and Game Code violator found in the rugged terrain near Moss Landing.

Testing the jeep in country where only foot and horse patrols had been used, Wardens R. A. Tinnin and J. O. Rhien apprehended Mack Long of Moss Landing with under-sized Pismo clams. The violator was fined $25 by Judge Phillips of Castroville.

The Bureau of Patrol last month added 10 jeeps to its automobile fleet in order to patrol otherwise inaccessible areas throughout the State.

Philatelic Window In Main Post Office Open For Public

John F. Fixa, acting postmaster, announced recently that the Philatelic window located in the Main Post Office, Seventh and Mission streets, will be open from 9 a.m. to 4:30 p.m. Tuesday through Saturday, until November 30, 1948.

This new service, for the convenience of philatelists of San Francisco, is brought about by the large number of new stamps that is to be issued by the Post Office Department between now and November 30.

STILL DANGEROUS

One of the most dangerous of all driving regulation violations remains that of right-of-way theft, reports National Automobile Club. Approximately one fourth of all traffic mishaps involve a breach of the right-of-way rule.

Irish Clubs Slate Annual Fall Dance

The Irish Republician Clubs of San Francisco will hold their annual Autumn Ball in the K. R. B. Hall, 1133 Mission street, on Saturday night, Sepetmber 11.

A specially selected orchestra of Irish musicians will furnish the music for popular dance numbers—both American and Irish—including the popular polka sets, jigs, reels, hornpipes and highland fling.

SUSPECT DISTRIBUTOR

When the engine becomes sluggish, National Automobile Club reports suspicion of the distributor points among the first possible causes is fully justified.

RIVERSIDE COTTONTAILS

Many cottontail are reported by National Automobile Club as being in Sage, Lewis Valley, Agunga and Coahuila and Bently Ranch areas of Riverside County.

PARKING TIP

Motorists should get close but not too close to the curb in parking, declares National Automobile Club. Six inches left to swing the front wheels is of material aid in leaving a tight space.

HIGH OIL PRESSURE

Many veteran motorists are prone to think that something is wrong with the oiling system when their new car shows low gage pressures in idling, declares the National Automobile Club. There isn't in most cases. Too high a pressure at low speeds may mean a dangerously high one when the engine is turning over rapidly.

FARM ADVISOR NAMED

Richard Henry Sciaroni, a native of Stockton, California, and a member of the Agricultural Extension Service, University of California, has been named as permanent assistant farm advisor to San Mateo county. On request of the San Mateo County Board of Supervisors Mr. Sciaroni was appointed by the late Professor B. H. Crocheron to supplement the program of the Agricultural Extension Service being conducted by Farm Advisor McNamara.

TULARE SPORTS REPORT

Trout fishing in back country east of Porterville is reported as being excellent. All camps in Kern Flat are occupied. Doves are plentiful in the area north of Visalia and Orosi.

CHECK HEADLIGHTS

The California State Automobile Association cautions all motorists that it is against the law to drive an automobile with headlights out of focus. Before starting on your vacation trip, it is advisable to have the lights checked by an official headlight station.

Ancients Raised Pears

In 40 B. C. Virgil mentions pears which he received from Cato.

Good Follows Bad

Generally a bad year is followed by a good one in pecan production, according to horticultural experts.

Warped Door

Straighten a warped door by putting a third hinge midway between those already on the door.

First Steam Turbine

Gustaf de Laval, Swedish scientist, in 1882 built his first steam turbine.

ARM SIGNALS

Arm signals are demanded by courtesy as well as by law, states National Automobile Club. To give an arm signal — not just a hand signal — is another way to keep free from accident.

PHEASANT SHOWING

Lots of pheasant are reported in Kerr County. Particular locations include the Greenfield and Buena Vista Lakes districts.

Guest Minister Sunday At Ocean View Church

Sunday services at the Ocean View Community Church will be conducted this week by the Rev. Joy Minkler of San Francisco, a well-known worker with juveniles in the bay city.

Rev. Minkler will take over the pulpit in the absence of the Rev. Joseph H. Bennett, while he enjoys a brief vacation.

A nursery is provided during the worship hour for the younger children.

COW PALACE SCENE OF CIRCUS SHOW

"The greatest show on earth" will play its northern California stand in "the greatest show-place on earth" when the Ringling Bros. and Barnum and Bailey Circus opens in the Geneva avenue Cow Palace on August 30.

Menagerie and sideshow tents will be pitched in front of the Cow Palace.

Special transportation facilities will be made available, and parking will be free during the seven performances slated between August 30 and September 2, circus officials said.

Rent Advisory Board Meets Next Wednesday To Explain Rent Law

The San Mateo Rent Advisory Board will hold a public information meeting at the city hall in San Mateo next Wednesday, August 18, at 8 p.m., according to Henry Nadelweiss, board chairman.

"This meeting is for the purpose of informing landlords and tenants of the new provisions of the Housing and Rent Act of 1947," Nadelweiss said. "It is not for the purpose of discussing individual cases, but new provisions will be explained and the meeting will be thrown open for questions and answers."

Draft Questionnaires Ready For 18-25 Group

With registration of men 18 through 25 to start on August 30, it was expected that local draft boards will start mailing questionnaires to the nation's peacetime draft registrants early in September.

Men 19 through 25 will be drafted for 21-month tours of duty in the services, with no inductions expected before October 20.

First questionnaires will go to single men 25 years of age who are not veterans.

MUNY RAILROAD OLD

The San Francisco Municipal Railway was organized in 1912 and was the first city-owned railway system in the United States and the second in the world.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

JABEZ WALTER CLARK, Plaintiff, vs. MARGUERITE A. CLARK, Defendant.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

MARGUERITE A. CLARK, Defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said County, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 25 day of June, A. D., 1948.

RECREATION

300 Children Enjoy Play Day Last Friday

Some 300 youngsters from the five local playgrounds and two craft centers participated last Friday in the recreation department's play day and picnic at Jefferson High and Marchbank Park.

The morning was given over to games of all types — in some contests, the girls and boys playing together; in others, the boys playing against the girls. Badminton, paddle tennis, volleyball, softball and relays were enjoyed by the 12-15-year-old group, while less strenuous games were held for the younger participants.

At noon, the crowd surged into Marchbank Park to devour their home-made lunches, augmented with hot dogs, watermelon and soda pop provided by the recreation department.

A rough-and-tumble game between Lincoln Playgrounds' champion softball team and the assembled teams and directors of the other playgrounds featured the afternoon program. Spurred by the expert pitching of Director Glenn Smith, the combined team sent Lincoln down to defeat by a score of 9-2. Jack Root's Lincoln allstars, weak in their fielding, nevertheless showed their ganged opponents some stiff competition. The conspiring directors agreed that Lincoln had lived up to its reputation as a smooth ball club.

OFF THE BLOTTER

Harley L. Perry, 19, of 60 Evergreen street, was turned over to the San Francisco Police Department last Saturday by Daly City police, who apprehended the youth while he was driving a car reported stolen by that city's auto detail.

Arrest was made by Officers James Welsh and David Johnstone, who spotted the car after hearing the stolen auto broadcast.

Two boxes of "Cat's Paw" half-soles were reported stolen last Friday from a car owned by H. B. Malvin, who placed their value at about $5. Malvin said the boxes were taken from the rear seat of his car, which had been parked in front of 420 Citrus avenue.

Carol Ann O'Leary, three-year-old daughter of Mrs. Joseph O'Leary of San Anselmo, was treated for a bump on her head last Saturday at Junipero Serra Hospital. The child was injured when she fell out of her mother's car as it traveled south on Junipero Serra boulevard.

Police reiterated their warning Monday that the firing of a BB gun is unlawful in Daly City. The warning came after a resident at 269 Hillcrest drive was hit in the eye with a BB, and two windows of the house were broken.

Two grass fires — one in a lot next to 128 School street and one at the corner of Edgemar and Lowell streets—were extinguished this week by the Daly City Fire Department.

1947 Biographies Now Available At Library

Life stories of 361 persons who figured in the news of 1947 appear in Current Biography 1947, the 760-page reference volume, just added to the reference collection of the Daly City Public Library, Mrs. Marcie I. Trier, librarian, announced today.

Because much of the limelight of 1947 focused on the Eightieth Congress of the United States, many of the names were chosen from the newly elected Republican majority in the senate and house of representatives. New heads of state and political leaders abroad, among them Vincent Auriol, president of the French republic and David Ben-Gurion, premier of Israel; and world figures, such as Nikolai Novikov, Soviet ambassador to the United States and Prince Philip, now a member of the British royal family, also appear in this yearbook, as well as UN delegates and important personalities in the fields of science, art, literature, music, labor and industry, the social sciences, education, and other of the 33 classifications by profession.

An eight-year index, covering 1940 to 1947, includes the names of all those whose biographies or obituaries have appeared in Current Biography from the first issue in 1940 through the issue of December 1947.

Lynne Casad Weds Frank Boskey In Informal Rites

Just returned from a week-long honeymoon trip through Nevada are Mr. and Mrs. Frank Boskey, who were married August 1 in an informal home ceremony.

The nuptial vows were exchanged at the Woodrow street home of the bride's parents, Mr. and Mrs. Fred Higgins, before a fireplace banked with white gladioli and carnations.

Some 75 wedding guests spoke felicitations to the newlyweds at the afternoon reception in the Higgins home. Leaving after the reception, the young couple honeymooned in Reno, Lake Tahoe, Carson City and Virginia City before returning to Daly City by way of Santa Cruz.

The bride, the former Lynne Casad, is proprietor and manager of the Daly City Beauty Shoppe. The benedict, a machinist, is employed by Enterprise Engines.

Widows And Children Of Vets Allowed Aid

Of the thousands of widows and older children of deceased war veterans in California who are eligible for State financial help in furthering their education, only a comparative few are taking advantage of it, Floyd D. Granger, Veterans Service Officer, reported today.

If a veteran died as a result of military service in either of the two World Wars, his widow — provided she has not remarried — and his children may receive up to $40 a month to help complete their education. Adopted and stepchildren are included.

These benefits are in addition to any Federal pensions received through the Veterans Administration.

The $40 a month is the maximum available to widows and children whose training is being taken on the college or trade school level.

Full information as to eligibility and other aspects of the California Veterans Dependents Educational Act is available at the Veterans Service Office, located at the Courthouse, Redwood City, phone EMerson 6-5711, Extension 238.

Informal Rites Unite R. Burton, Lois Guttmann

In the presence of their immediate families last Saturday, at the home of the Rev. Adrian McKenna, Miss Lois LaVerne Guttmann and Raymond Martin Burton became husband and wife.

Richard Burton, the bridegroom's brother, and Myra Blackledge, close friend of the bride, were the sole attendants. Lois was given in marriage by her father, Alfred Guttmann.

Wearing a lace-trimmed white crepe suit with a sweetheart bonnet of white marquisette, the bride carried a cluster of white orchids over her prayer book. The matron-of-honor was gowned in green, with brown accessories.

Relatives and close friends were received after the ceremony at a reception in the Guttmann home on Mission street.

The daughter of Mr. and Mrs. Alfred Guttmann, Lois is a member of the Hillcrest Circle, United Ancient Order of Druids. The benedict, a veteran of four years' service in the army, also attended Jefferson High. He is a member of the Daly City Rod and Gun Club. His mother is Mrs. William Waldron of Daly City.

After a brief honeymoon, the justweds will make their home on Los Banos avenue.

Over Five Million State Pamphlets Go To County Clerk

Secretary of State Frank M. Jordan this week announced publication of five and one-half million copies of a 32-page pamphlet describing constitutional amendments, propositions and proposed laws to be submitted to voters at the November 2 general election.

Copies are to be shipped to California's county clerks and registrars of voters, who in turn will mail these with sample ballots to registered voters prior to the election.

The pamphlet contains two sections. The first part lists the titles and numbers as they will appear on the ballot, together with arguments for and against.

The appendix contains the complete text of the various items as they will appear if enacted.

Secretary of State Jordan said the five and one-half million copy press run was the largest ever ordered by his office and is based on an anticipated five million or more registration for the November election.

Myrna Ihrie And Bill Pawson Wed

Honeymooning at points north this week are the newlywed Bill Pawsons, who left after their vow exchange last Saturday for a motor trip to Canada.

The former Myrna Ihrie, daughter of Mr. and Mrs. D. H. Ihrie of Hillcrest drive, was escorted by her father to the altar of San Francisco's Evangelican United Brethren Church. The ceremony was performed by the Rev. James Brecheisen, before a veritable bower of pink rosebuds and greenery.

Gowned in white satin with the traditional sweetheart neckline and long, fitted sleeves, the bride carried a spray of white orchid and bouvardia over her white prayer book. From her aunt she borrowed her net veil, bordered with wide white lace and held in place by a lace crown. A lace handkerchief which had been carried by another aunt years before was her "something old." The new three-strand pearl necklace, a gift from the bridegroom, and the inevitable blue garter completed her "lucky" ensemble.

Miss Barbara Greenwood, maid of honor, was gowned in the palest of lavender and wore pink sweetpeas in her hair, to match her bouquet. Duties of best man were performed by Bernard Cohen. "Because" was sung during the tastefully simple ceremony by Mrs. Ruth Simcox, while Miss Birdie Cohen, at the organ, played the marches and the wedding medley.

Receiving some 100 guests at a reception in the church parlor, the bride's mother wore a charcoal grey afternoon dress with black complements. Mrs. W. A. Pawson, mother of the bridegroom, chose a blue ensemble. Each wore a corsage of red rosebuds and begonia. Miss Joyce Van de Vender, Mrs. Viva Van de Vender and Mrs. Ruth Simcox served. A three-tier wedding cake held the place of honor at the bride's table.

Special guests at the wedding were Myrna's uncle and aunt, Mr. and Mrs. E. R. Ihrie, and Mr. and Mrs. John Wright — all of Sacramento.

When the justweds left for their honeymoon, the bride was wearing a burgundy suit with black accessories.

A June graduate of Jefferson Union High School, Myrna now is employed as a typist at the Swett and Crawford Insurance company offices in San Francisco. Her husband, an employe of the telephone company, served with the merchant marine during the war. He is the son of Mr. and Mrs. W. A. Pawson of Sickles avenue.

The young Pawsons intend to make their home in San Francisco.

Freight Locomotives

Due to improvements which have been made in construction, the average road freight locomotive now uses approximately 113 pounds of fuel to perform 1,000 gross ton-miles of service, compared with 140 pounds in 1925.

COURTNEY HARDWARE HITS ITS STRIDE

SAILOR RETURNS FROM SEVEN-MONTH SEA TRIP

Willie Hoyer, of 138 Edgemar street, returned to Daly City Tuesday night—richer by seven months' experience at sea.

A master mechanic aboard a transport ship, Hoyer had sailed to Hawaii and beyond, to the East Indies; through the Panama Canal and up the east coast to dock at New York, and returned to the west by train.

Before coming home, the localite did a thorough job of sightseeing in New York.

SEWER BIDS TO BE OPENED AT S.S.F.

Bids for the first unit of South San Francisco's sewage disposal program will be opened next Wednesday. Date for opening bids was set last week by the city council.

Construction of the first unit — 130 feet of sewer — is estimated to cost from $1800 to $2000. Total cost of the sewer installation is estimated at $60,000.

With business in full swing after a gala opening that lasted for more than a week, Courtney's Hardware, 1234 Geneva avenue, was replenishing stock this week to keep up with popular demand.

During the opening, complimentary items of merchandise were brought home by the following people who visited the new Courtney enterprise:

Carrying a full line of homewares, hardware, notions and gifts, the Courtney Hardware store has a complete radio and appliance department in charge of the competent Moe brothers of QRS Electric company. QRS has another retail outlet on Mission street opposite Geneva avenue.

Compare the Values!...
Compare the Prices!...
—see why

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR

COMPARE the values; compare the prices; *and you'll choose Chevrolet!*

For to compare the values is to know that *only* Chevrolet brings you the Big-Car riding-smoothness of the original and outstanding Unitized Knee-Action Ride . . . the Big-Car performance and dependability of a world's champion Valve-in-Head engine . . . the Big-Car beauty and luxury of the enviable Body by Fisher . . . the Big-Car safety of Fisher Unisteel Body-Construction and Positive-Action Hydraulic Brakes . . . plus many another *major quality advantage* still not available in any other motor car in its field.

And to compare the prices is to know that Chevrolet prices are the *lowest* in the field . . . and that Chevrolet value continues to be the *highest* in its field!

That's why Chevrolet is America's No. 1 car; that's why it's the car for you!

FIRST in Riding-Smoothness!
You just can't beat the *genuine* Unitized Knee-Action Gliding Ride for real riding-smoothness—real traveluxury—over any and all kinds of roads; and, remember, this famous "Knee-Action" ride is exclusive to Chevrolet and more expensive cars.

FIRST in Thrills with Thrift!
There's nothing like Chevrolet's world's champion Valve-in-Head engine for thrills *and* thrift. It holds all records for miles served and owners satisfied. It embodies that extra-sound, extra-dependable *Valve-in-Head* design, found elsewhere only in costlier cars.

FIRST in Tasteful Beauty!
You will be perfectly *sure* of your car's beauty-leadership when you own a car with the world-famous Body by Fisher; and this most desirable of all car bodies—beautiful from *every* angle, inside and out—is available only on Chevrolet and higher-priced cars.

FIRST in All-Round Safety!
You and your family will enjoy the *triple* safety protection of Fisher Unisteel Body-Construction, the Unitized Knee-action Ride and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and higher-priced cars.

CHEVROLET—*and Only* CHEVROLET—IS FIRST!

Legion Auxiliary President Names New Chairman

Committee chairmen for the 1948-49 term were selected last week by Mrs. Lillian Felch, newly installed president of the local American Legion Auxiliary.

Accompanied by two other delegates and several visitors, Mrs. Felch recently attended a pre-convention caucus of the 26th District at Burlingame Legion Hall. Others attending were Mrs. Rose Giorni and Mrs. Naomi Murphy, delegates; Mesdames Kathleen Matzek, Margaret Kenney, Leslie Hansen and Vivian Pahlka.

New committee chairmen will be:

Mrs. Ethel Harris, membership; Mrs. Marcie Trier, Americanism and parliamentarian; Mrs. Mary Crane, education; Mrs. Catherine Foreman, Pan American and Girls State; Mrs. Margaret Kenney, poppies; Mrs. Naomi Murphy, legislature; Mrs. Anne Welch, rehabilitation; Mrs. Rose Giorni, child welfare, past presidents and liaison; Mrs. Kathleen Matzek, national security and community service; Mrs. Minnie Bernardi, sunshine; Mrs. Vivian Pahlka, publicity, and Mrs. Julia Jordan, ways and means.

Baseball Club Wins Bayshore Game By 15 to 6 Margin

Scoring 15 runs on only nine hits, but with as many walks by the opposing pitcher, the Daly City Baseball Club enjoyed an easy 15 to 6 win over the Bayshore Braves Sunday at Marchbank Park.

Flores, new Daly City pitcher whose duties as commercial pilot make him unable to attend all games, refused to go up in the air Sunday and held the Braves to seven scattered hits. The locals were never led.

Flynn, right-fielding slugger, led at the plate, collecting two hits in four times up.

CO. FAIR RACES AT BAY MEADOWS

The California County Fair Circuit shifted to Bay Meadows Tuesday when the county fair association opened a program of 11 races daily to continue for 10 days, excluding Sunday.

Post time daily is 1 p.m., with three harness events to start things rolling and eight thoroughbred contests continuing the afternoon festivities.

More than seven hundred thoroughbreds and two hundred standard breds are on tap at the spacious Meadows stables.

SALMON

Salmon fishing is improving in both the Klamath and Smith Rivers, with a few steelhead being taken on the lower riffles of the Klamath. Trout fishing in these streams is excellent; flies working well.

COLMA BOYS CLUB IN 4 TO 3 WIN

Letting down the opposition with four hits and winning his own game with an over the fence home-run, pitcher Don Mossi led the Colma Boys Club baseball nine to a 4-3 win over the Mello Record tossers Sunday at Bayview field.

Parodi, catcher, and left-fielder Whol of the Colma aggregation starred at the plate, each hitting safely for two hits in four trips to the plate. The locals touched Hue, Mello hurler, for seven safeties.

Going into the seventh inning on the short end of a 2 to 1 score, Parodi and Olcese were safely on base when Mossi came to bat. The left-handed pitcher and slugger parked one of Hue's pitches over the right field wall for a home run to jut Colma ahead, 4 to 2.

The Mello team scored on a squeeze play in the eighth inning, but could not tie up the game as Mossi retired batter after batter, striking out a total of eleven.

OLPH Women Plan August Whist

The August whist party at Our Lady of Perpetual Help parish hall is being planned this week by an energetic committee of parishioners whose names begin with S and T.

Slated for Friday, August 20 at 8:30 p.m., the party is one of a monthly series for the benefit of the parish school's building fund.

Mesdames J. Steele, H. Schroeder, G. Sims, R. Spani, J. Teahan, L. Shaw, R. Sullivan, W. E. Thomson and E. Trier, who make up the committee, claim they will stage the "biggest and best" whist party ever seen in the parish hall.

AMADOR COUNTY

Fishing in the Mokelumne River is improving, reports National Automobile Club in a review of conditions in Amador County. Several bear are to be found around Silver Lake. The road is still open from Lumberyard Ranger Station to Salt Springs, although fishing is not too good.

WELCOME TO DALY CITY

New Families moving into Daly City recently include:

Albert E. Stierl, 336 Winchester street.

David Kolemainen, 449 Woodrow street.

Paul H. Schumacher, 316 Hillside boulevard.

Thomas E. J. Murray, 54 Bepler street.

John Offenbach, 50 Abbot avenue.

Juanita Laray, 222 Miriam street.

Wise Old Owl

Few if any owls construct their own nests. A cavity in a tree, an old house or belfry, an old hawk's or crow's nest will do.

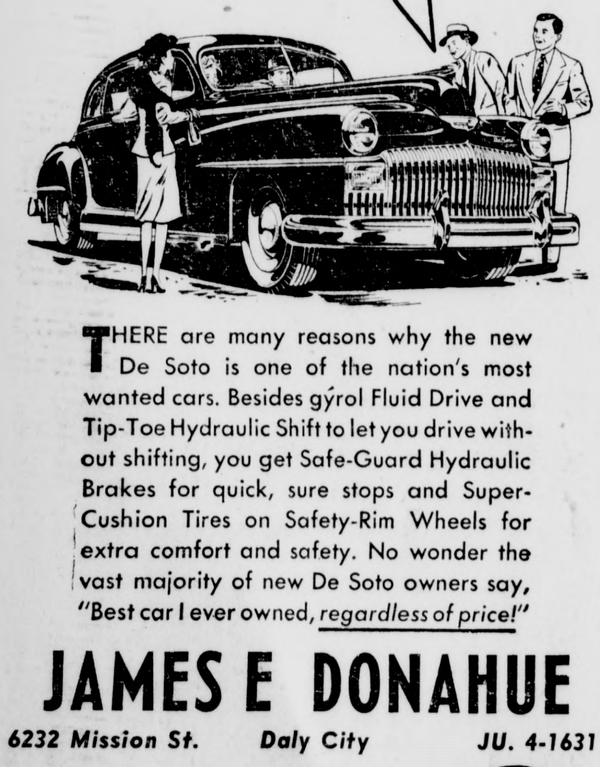
"De Soto lets you drive without shifting!"



THERE are many reasons why the new De Soto is one of the nation's most wanted cars. Besides gyrol Fluid Drive and Tip-Toe Hydraulic Shift to let you drive without shifting, you get Safe-Guard Hydraulic Brakes for quick, sure stops and Super-Cushion Tires on Safety-Rim Wheels for extra comfort and safety. No wonder the vast majority of new De Soto owners say, "Best car I ever owned, *regardless of price!*"

DE SOTO APPROVED SERVICE PLYMOUTH

Who pays for new telephones?

1. This sight represents a lot of money. For the land, buildings, equipment, and wires needed to serve each new telephone cost us far more than prewar . . . just as the things you buy cost more. To meet the West's growing telephone needs we're putting more than half a million dollars to work every day.

2. This complex equipment can't be paid for out of telephone bills . . . it takes a lot of new money furnished by investors. But the telephone bill does play an important part. It covers wages and taxes and other costs of services and—when rates are fair and adequate—leaves a few cents profit to pay investors for the use of their money.

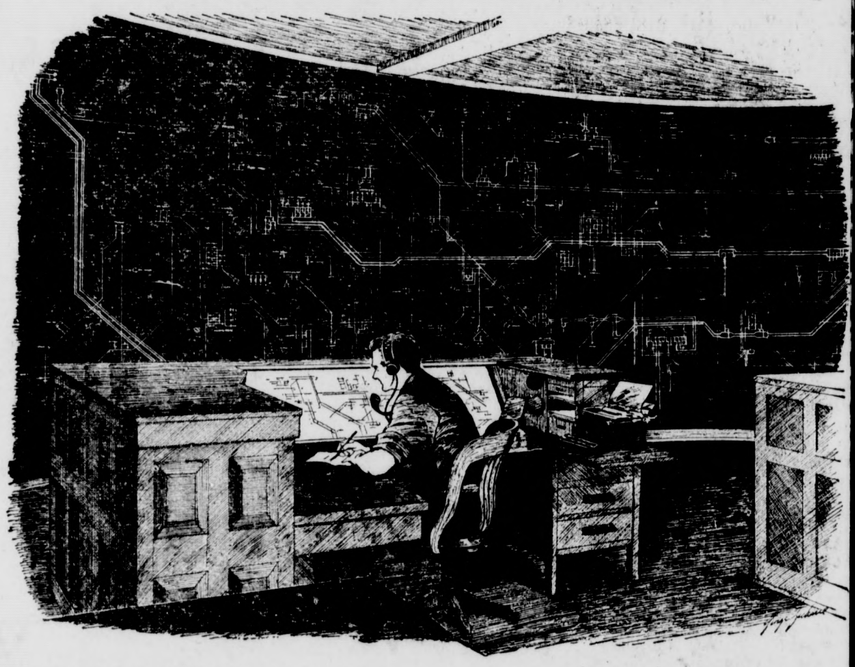
3. Can a housewife pay for new telephones? Many do. For many thousands own telephone stocks and bonds. Money for a vast amount of new facilities comes from such investors. To keep the system growing and improving, we must keep on attracting new money to pay for it. We can do it only if we sell our services at fair and adequate prices.

4. When you make a local call, your cost averages less than a nickel. For those few pennies you hire a mighty servant . . . a bigger servant than ever before. There will soon be twice as many telephones on the Coast as ten years ago. More are being added. And each new one makes your telephone just that much more valuable.

The Pacific Telephone and Telegraph Company

More than 70,000 people working together to furnish ever-better telephone service to the West

He rides herd on 3,000,000 horses
...and doesn't leave his desk



"Boss wrangler" of all P. G. and E.'s electrical horsepower is the System Dispatcher who sits in front of this giant control board in Oakland. His word, spoken into a telephone, starts giant generators whirling at a hydro plant in the High Sierra or spins a turbine in a steam generating plant miles away. And when less power is needed his word stops the flow. For the Dispatcher keeps our vast system efficiently balanced to meet your demands every instant . . . to make P. G. and E.'s 3,000,000 horsepower do its work well for California.

When trouble strikes, the dispatcher's job gets hectic. He must call on other plants to increase their power output and make the service interruption, if any, as brief as possible.

Your breakfast toast is part of the dispatcher's responsibility. For he must make sure that our tremendous power output is working for you...as much as you need...when you need it.

FOR THE RECORD
The dispatcher's job will be nearly 2,000,000 horsepower bigger . . . as P. G. and E. rushes more post-war power to California at a cost of more than $400,000,000.
More than ⅛ of this new power will be serving you in less than a year.

Work never stops on our power-building program
